

Career Destination Survey

Each year we collect reports of salary offers for FAU graduates at all degree levels and disciplines. This information (job offers, location, and starting salaries) is reported to the National Association of Colleges and Employers (NACE) for their national salary survey without your name attached. Your personal contact information will be kept confidential and will not be included in any reports or documentation resulting from this survey. Additionally, all salary information will be kept confidential and used only to report averages.

Your feedback is important to our office in order to better serve you. Please help us by reporting all offers made to you, whether or not you accept them. Thank you!!

If you have any questions regarding this survey, please contact the Boca Raton Campus Career Development Center at 561-297-3533 or career@fau.edu.

Please select the college in which you are/were enrolled
