Subject: Comprehensive Exam progress check
Attachments: image001.jpg

Dear PhD student,

This is just a quick check to see how you are progressing in preparation for your Comprehensive Exam. By now, you should have submitted a first draft to your Comprehensive Exam Chairperson and/or committee, unless you have made other scheduling arrangements with your chair.

Below is the suggested timetable distributed with your question/topic that will help you remain on track to successfully complete the Comprehensive Exam process this semester. Once your oral examination date is scheduled, please notify Dr. Williams and me.

Event	Summer 2013 Semester
Student files proposed questions with PhD Studies	No later than April 15
Approved questions distributed	May 6
First draft due to committee	June 10
Committee meets with students to provide comments	June 24 – July 1
Final version due to committee	July 19
Oral Examination if committee approves written paper	July 26 – July 31
Grades due for NGR 7978	August 6

Regards,

Kristine Killip
