

## PROGRAM SHEET

### Bachelor of Fine Arts with Major in Studio Art

The B.F.A. in Studio Art is designed for the student who aspires to a career as a professional artist. Students are required to pass the portfolio review and then select a concentration in an area of study: Ceramics, Painting, Photography, Printmaking, or Sculpture. Students are given rigorous training in the foundations of art, as well as in ways to explore new and innovative questions, theories, and ideas that drive art today. Students are encouraged to create individualized programs of study anchored by intermediate-level study in three studio areas. Majors are expected to explore the variety and breadth of contemporary art practice in order to develop their own understanding of directions in visual art and their own artistic practice.

The proposed program changes to the B.F.A. in Studio Arts program requires that all students take 22 credits of the Art Core Program Pre-requisites, submit and pass a portfolio review and take 48 credits in upper division coursework for a total of 70 credit hours in major requirements. Transfer students from institutions with 3-credit art courses are likely to need more credits in visual art than the minimum described above. Transfer students should also note that at least 75 percent of all upper-division courses for the B.A. must be taken in the Department of Visual Arts and Art History at FAU. Transfer course work to be credited toward the degree must be evaluated by the department chair.
