Bio:
Rachel Blythe attends the Harriet L. Wilkes Honors College on the Jupiter Campus where she is focusing in Environmental Studies. She works with the Jupiter Student Government as SAVI Director, a role which allows her to promote volunteerism in various fashions. Her favorite activities include playing Ultimate Frisbee, cooking great food, and meeting new people. The International Peer Mentor Program has helped Rachel more fully realize the diversity present on the Jupiter Campus and in the surrounding community.

Let me know if you need anything else.
