Subject: SACS Numbers

Tom,

Project is complete – files are in the same directory on the P: drive where you started the project.
The 09-10 numbers were a little lower than you had hoped. Here's the summary:

	% Picked w/i 3 days	% Picked w/i 2 days	% Picked w/i 1 day
08-09	100.00%	95.00%	85.83%
09-10	96.62%	89.19%	78.38%

Regards,
Tom
