INTRODUCTION TO PRACTICUM

The semester before student teaching takes place, Florida Atlantic University (FAU) students in the Exceptional Student Education (ESE) department complete a practicum experience. The Practicum experience consists of an in depth supervised field experience. The practicum student will spend a minimum of nine hours per week over a three day period in a school setting. It is during this time that the practicum student has the opportunity to practice concepts and methodologies he/she is learning in coursework, and to gain new skills and experiences under the guidance and direction of the cooperating teacher and university supervisor.

The practicum experience is a collaborative effort between personnel from FAU and the school district. It is the teamwork between these professionals that creates an environment in which the practicum student may develop teaching skills. The university supervisor recognizes the expertise of the cooperating teacher in promoting an environment conducive to effective instructional and supervisory practices. Each member of the team (student, cooperating teacher, and university supervisor) realizes the role each must play to provide the best possible field experience.

This Practicum Student Handbook provides guidelines for the practicum student, the cooperating teacher, and the university supervisor. Included are role requirements, evaluation procedures, timelines, and copies of the necessary forms. Please take a few minutes to become familiar with the contents of this handbook. Any suggestions you have for information to be included in future editions are appreciated. Please do not hesitate to call the Department of Exceptional Student Education should you have questions about the practicum experience.

COURSE NUMBER: EEX 4843

COURSE TITLE: Practicum in Methods of Teaching Individuals Served in Varying Exceptionalities Programs

CATALOG DESCRIPTION:

An in-depth supervised field experience. The student will spend a minimum of 9 hours per week over a 3-day period in an educational setting. *Grading: S/U*

OVERVIEW OF THE COURSE:

The practicum in the Varying Exceptionalities Program at Florida Atlantic University is designed to give pre-service exceptional education students the opportunity to practice basic teaching skills under the supervision of a cooperating teacher and a university supervisor. During this experience, the students will practice and ultimately be evaluated on their ability to demonstrate beginning level teaching skills. Practicum students will rely on their university instructors (EEX 4066 & 4604), cooperating teacher, and university supervisor for guidance in decision making. It is particularly important for practicum students to take advantage of the school setting and the EEX 4066 to learn how develop instructional plans, manage student behavior, implement IEPs, and use assessment to guide their instruction by engaging in conversations about teaching with their cooperating teacher and university supervisor.

Students are expected to be at the assigned placement a minimum of three days a week for an average of nine to ten instructional hours per week.

PREREQUISITE: All required Education courses, programmed major.

COREQUISITE: EEX 4066 & EEX 4604

COURSE CONNECTION TO CONCEPTUAL FRAMEWORK:

As a reflective decision-maker the student will make informed decisions, exhibit ethical behavior, and provide evidence of being a capable professional by planning and presenting lessons in classrooms that serve ESE students; receiving constructive feedback and modifying their practice; and working collaboratively with a clinical educator and university supervisor.

GUIDELINES USED IN DEVELOPING COURSE OBJECTIVES:

- CEC International Standards for Preparation and Certification of Special Education Teachers (CEC)
- State of Florida Certification Standards for Exceptional Student Education (ESE)
- Florida Educator Accomplished Practices (EAP)
- Florida Subject Area Competencies ESOL (ESOL)

COURSE OBJECTIVES:

By the end of the course, practicum students are expected to demonstrate beginning level proficiency in the following areas:

- 1) Formulate, implement, and evaluate educational plans for students at-risk for and with identified disabilities, including plans for students with limited English proficiency. (CEC cc4S3, cc7S2, cc7S6 , cc7S7, cc7S13, cc8S6) (ESE 3.1) (EAP 5.1) (ESOL 3, 4, 16, 17)
- 2) Demonstrate knowledge and skills in the use of specific culturally appropriate behavioral and classroom management methods appropriate to students at-risk for and with identified disabilities. (CEC cc5S1, cc5S4, cc5S5, cc5S10, cc5S11, cc5S12, gc5S6) (ESE 4.3) (ESOL 18)
- 3) Plan a series of sequential lessons recognizing gender, religious, ethnic, cultural, socioeconomic and racial differences that enable students at-risk for and with identified disabilities to master IEP objectives in the behavioral, social, emotional, affective, vocational, and/or academic areas. (CEC cc7S8, cc7S6) (ESE 3.2, 3.4, 3.5, 6.1, 6.2) (EAP 5.1) (ESOL 14)
- 4) Demonstrate direct instruction skills and the use of various levels of technology in the presentation of content as appropriate for students at-risk for or with identified disabilities, including culturally and linguistically diverse students. (CEC gc4S1, gc4S6) (ESE 3.2, 3.5) (EAP 12.2) (ESOL 8, 12, 21)
- 5) Work collaboratively with other school professionals, parents, and/or family members to facilitate student progress. (CEC cc10K4, cc10S1, cc10S9, cc10S10, cc9S8, cc7S3) (ESE 3.6) (EAP 3.2, 6.2) (ESOL 3, 19, 21)
- 6) Employ effective problem-solving techniques in program implementation for students with disabilities, culturally diverse students, including those with limited English proficiency. (CEC cc10K4, cc10S9, cc10S10, cc9s11, gc5S5) (ESE 3.6) (EAP 2.1, 6.2) (ESOL 19, 21)

COURSE CONTENT

- Lesson planning and presentation
- Student assessment and ongoing evaluation
- Research based teaching practices
- Collaborative problem solving and communication

- Classroom management

COURSE REQUIREMENTS:

1. CRITICAL ASSIGNMENT: Narrative Observation Feedback Summary Form:

Practicum students will be evaluated formally by the university supervisor and the cooperating teacher (for a minimum of 7 observations) working together to complete the Narrative Observation Feedback Summary (NOFS). The overall ratings on the NOFS indicators will be used to determine whether the student meets the expectations for the critical assignment. At the mid-term and the end of the semester, both the university supervisor and the cooperating teacher will jointly complete the NOFS.

2. CRITICAL ASSIGNMENT: Professional Attribute Rubric (PAR):

As part of the mid-term and the final practicum observation by the university supervisor, the university supervisor and cooperating teacher will conduct a three way conference with the practicum student to discuss the PROFESSIONAL ATTRIBUTE RUBRIC (PAR). This conference is designed to provide the student with an evaluation of the critical professional skills not generally measured by lesson observations. The PAR should be submitted as part of the practicum paperwork. The practicum student should keep these attributes in mind throughout the semester.

Critical Assignments and Florida Educator Accomplished Practices

The Florida Department of Education has identified a set of Accomplished Practices that must be mastered in order to continue in the ESE Bachelor's Degree Program. For this course, the Educator Accomplished Practices (EAP 2.1, 3.2, 5.1, 6.2, 12.2) will be measured by the Narrative Observation Feedback Summary Form and the Professional Attribute Rating, which are the Critical Assignments. Please read carefully the ESE departmental policy on Critical Assignments.

ESE Departmental Policy on CRITICAL ASSIGNMENT(S):

Assessment criteria:

A student must earn a minimum grade of 73% (for this course 73% or better = a grade of "S") of the points allotted for the Critical Assignment to receive a passing grade in this course. In other words, a student cannot pass the course without successfully completing the critical assignments.

Remediation policy:

- If a student has failed to pass the Critical Assignments (either the Narrative Observation Form or the Professional Attribute Rating) with a minimum of 73% of the possible points, the student will receive an "U in the Practicum course and will need to repeat the course. The Field Coordinator in conjunction with appropriate faculty and the student will develop a Professional Development Plan which will address the deficits and areas of concern indicated during the practicum. Upon successful completion of the Professional Development Plan within the time frame specified, the student may continue in the ESE sequence of courses. If the Professional Development Plan is not successfully passed, the student will not be allowed to continue in the ESE program. (See Department of Exceptional Student Education policies for directions for PDP).

3. PRACTICUM NOTEBOOK:

The practicum student is expected to keep a field experience notebook throughout the course of the practicum. Included in this notebook will be informational forms (schedule, contact numbers, student lists, etc), ATTENDANCE LOG, observation summaries, evaluative observation feedback, lesson plans, and instructional sequences for all direct instruction provided to students. The notebook should be kept up-to-date and must be available, at all times, for the university supervisor and cooperating teacher.

4. PRACTICUM ORIENTATION:

Practicum students are expected to attend the Practicum Orientation in order to receive a final grade for the course. Students are expected to activate and maintain their FAU email accounts through the MyFAU email system.

5. SITE INFORMATION FORM AND OBSERVATION SCHEDULE:

Practicum students are expected to meet with their cooperating teacher (CT) within a week after orientation. At that time the CT and practicum student will develop a practicum attendance schedule (**3-4 days a week with an average of 9-10 hours per week in direct teaching contact with students**). Also completed at that time is the SITE INFORMATION FORM and a copy made for the student's University Supervisor (US). Student will email a copy of the **SITE INFORMATION FORM** to the EEX 4066 professor as well as the University Supervisor by September 4, 2009.

Students will discuss an **OBSERVATION SCHEDULE** that includes clinical educator and university supervisor **tentative** observations for the semester. Students are reminded that they must submit all required documentation in order to receive a final grade for the course.

Assignments Related to Block Classes:

Students enrolled in practicum are also enrolled in EEX 4066 and EEX 4604. These two classes have classroom-based assignments which are to be completed during the practicum. Specific details and due dates for each assignment will be available in the respective classes. The practicum student should provide the cooperating teacher with a copy of both EEX 4066 and EEX 4604 syllabi. What follows is a general description of the assignments. Specific directions for each assignment will be provided in the respective class,

- < Development of a student profile
- < Development of an IEP/ITP for a student
- < Development of appropriate lesson plans used for instruction in the practicum setting.
- < Development of a learning sequence (instructional unit)
- < Completion of observations focusing on classroom management and organization.

PROFESSIONAL ETHICS / POLICIES AND EXPECTATIONS:

ESE students, as reflective decision-makers, choose to practice ethical behavior during class, in the university community, and while participating in field experiences. ESE students are expected to demonstrate a professional demeanor in their FAU courses including attendance, participation and responsible attention to requirements and deadlines necessary for the successful completion of the ESE program. ESE students are also

expected to demonstrate a professional demeanor in field experience settings through their dress, actions, and sensitivity to the students, teachers and administrators at the host schools.

TEACHING METHODOLOGIES:

Methods of instruction may include lectures, discussions, modeling, guided practice, group activities, cooperative learning presentations, and media presentations. Participants will acquire knowledge and skills related to teaching students with exceptionalities, including students from various cultural, religious, ethnic, socioeconomic and language backgrounds.

ASSESSMENT PROCEDURES:

Assignment	Points	% of Course Grade
**NARRATIVE OBSERVATION FEEDBACK SUMMARY FORM	50	50%
**PROFESSIONAL ATTRIBUTE RUBRIC (PAR)	50	50%
PRACTICUM NOTEBOOK:	S/U	
SITE INFORMATION FORM & OBSERVATION SCHEDULE	S/U	
TOTAL	100	100%

*** Critical Assignments*

GRADING (ESE GRADING SCALE for PRACTICUM):

Activity scores are cumulative and the grade scale represents percentage of total points earned.

S = 73% and higher

U = 72% and lower

POLICIES AND PROCEDURES

To avoid learner confusion or disappointment, the following are assumptions and expectations for this course:

UNIVERSITY ATTENDANCE POLICY:

Students are expected to attend all of their scheduled University classes and to satisfy all academic objectives as outlined by the instructor. The effect of absences upon grades is determined by the instructor, and the University reserves the right to deal at any time with individual cases of nonattendance. Attendance includes active involvement in all class sessions, class discussions, and class activities, as well as professional conduct in class.

Students are responsible for arranging to make up work missed because of legitimate class absence, such as illness, family emergencies, military obligation, court-imposed legal obligations, or participation in University-sponsored activities (such as athletic or scholastic team, musical and theatrical performances, and debate activities). It is the student's responsibility to give the instructor notice prior to any anticipated absence, and within a reasonable amount of time after an unanticipated absence, ordinarily by the next scheduled class meeting. Instructors must allow each student who is absent for a University-approved reason the opportunity to make up work missed without any reduction in the student's final course grade as a direct result of such absence.

Practicum Attendance Policy

If a practicum student must be absent, s/he must follow the procedures described below:

1. The student will inform the cooperating teacher and university supervisor of the absence as far ahead of time as possible.
2. The student will make sure that the cooperating teacher has all the materials necessary to fulfill his/her teaching responsibilities in his/her absence.

3. An absence from the practicum, regardless of the reason, does not absolve the student from fulfilling all responsibilities, including meeting the minimum of 9 hours per week requirement. (**Excluding school holidays**)
4. The student must make up any time missed each week either the week before the absence or the following week.

The practicum is intended to be an **intensive school-based learning experience**. There are many requirements and many new demands placed on the practicum student. Learning for the student takes place through observation, practice, trial and error, and collaboration. It is critical that all parties, the student, cooperating teacher, and university supervisor, work together to maximize the practicum experience. If conflicts arise during practicum, any member of the team may initiate a problem solving meeting to correct a specific issue.

POLICIES:

1. The course carries three (3) credits. Students are expected to complete course requirements sufficient to earn three credits during the time-span of the course.
2. Students are encouraged to talk with the university supervisor if there are concerns or problems relating to the course
3. A minimum grade of S (not U) is required in order to continue in sequence in the ESE Bachelor's program.
4. All written assignments must follow the directions on the assignment for presentation.
5. Due dates for assignments are provided in the course outline and will be enforced. If the critical assignments are submitted beyond the due date the student will receive an "I" (incomplete) in practicum and may not continue in sequence.

STUDENTS WITH DISABILITIES:

In compliance with the Americans with Disabilities Act (ADA) and FAU policy, students with disabilities who require special accommodations to properly execute course work must register with the Office for Students with Disabilities (OSD) and provide the instructor of this course with a letter from OSD which indicates the reasonable accommodations that would be appropriate for this course. OSD offices are located on Boca, Davie and Jupiter campuses. Information regarding OSD services and locations can be found on the FAU website.

- cc5S1 Create a safe, equitable, positive, and supportive learning environment in which diversities are valued
- cc5S3 Identify supports needed for integration into various program placements
- cc5S4 Design learning environments that encourage active participation in individual and group activities
- cc5S5 Modify the learning environment to manage behaviors
- cc5S10 Use effective and varied behavior management strategies
- cc5S11 Use the least intensive behavior management strategy consistent with the needs of the individual with exceptional learning needs
- cc5S12 Design and manage daily routines
- gc5S5 Use skills in problem-solving and conflict resolution
- gc5S6 Establish a consistent classroom routine for individuals with disabilities

1. Instructional Planning

- cc7S1 Identify and prioritize areas of the general curriculum and accommodations for individuals with exceptional learning needs
- cc7S2 Develop and implement comprehensive, longitudinal individualized programs in collaboration with team members
- cc7S3 Involve the individual and family in setting instructional goals and monitoring progress
- cc7S5 Use task analysis
- cc7S6 Sequence, implement, and evaluate individualized learning objectives
- cc7S7 Integrate affective, social, and life skills with academic curricula
- cc7S8 Develop and select instructional content, resources, and strategies that respond to cultural, linguistic, and gender differences
- cc7S9 Incorporate and implement instructional and assistive technology into the educational program
- cc7S10 Prepare lesson plans
- cc7S11 Prepare and organize materials to implement daily lesson plans
- cc7S12 Uses instructional time effectively

- cc7S13 Make responsive adjustments to instruction based on continual observations
- gc7S2 Select and use specialized instructional strategies appropriate to the abilities and needs of the individual

2. Assessment

- cc8S1 Gather relevant background information
- cc8S5 Interpret information from formal and informal assessments
- cc8S6 Use assessment information in making eligibility, program, and placement decisions for individuals with exceptional learning needs, including those from culturally and/or linguistically diverse backgrounds
- cc8S8 Evaluate instruction and monitor progress of individuals with exceptional learning needs
- cc8S10 Create and maintain records

9. Professional and Ethical Practice

- cc9S8 Use verbal, nonverbal, and written language effectively
- cc9S9 Conduct self-evaluation of instruction
- cc9S11 Reflect on one's practice to improve instruction and guide professional growth

10. Collaboration

- cc10K4 Culturally responsive factors that promote effective communication and collaboration with individuals with exceptional learning needs, families, school personnel, and community members
- cc10S1 Maintain confidential communication about individuals with exceptional learning needs
- cc10S9 Collaborate with school personnel and community members in integrating individuals with exceptional learning needs into various settings
- cc10S10 Communicate effectively with families of individuals with exceptional learning needs from diverse backgrounds

STATE OF FLORIDA CERTIFICATION STANDARDS FOR EXCEPTIONAL STUDENT EDUCATION (ESE)

- 3.1 Analyze assessment information to identify a student's environmental needs & instructional levels, to select appropriate specialized techniques & learning strategies, & to determine IEP content
- 3.2 Select instructional practices that reflect individual learning needs & incorporate a wide range of leaning strategies & specialized materials to create an appropriate instructional environment for students with disabilities
- 3.4 Select relevant general education & special skills curricula appropriate for a given student's age, instructional needs, & functional performance across settings
- 3.5 Identify methods of accommodating & modifying assessment, instruction, & materials to met individual student needs.
- 3.6 Identify effective methods of communication, consultation, & collaboration with students, families, parents, guardians, administrators, general education teachers, paraprofessionals, & other professionals as equal members of education teams
- 6.1 Select appropriate instructional procedures for teaching adaptive life skills based on observations, ecological assessments, family interviews, & other student information
- 6.2 Identify methods for evaluating & documenting student progress in acquiring, generalizing, & maintaining skills related to interpersonal interactions & participation in activities across settings

FLORIDA EDUCATOR ACCOMPLISHED PRACTICES (EAP)

- 2.1 Communicates high expectations in a positive and supportive manner
- 2.2 Demonstrates the ability to communicate effectively verbally and in writing
- 6.2 Adheres to relevant and professional Codes of Ethics
- 12.2 Uses technology in a professional role

FLORIDA SUBJECT AREA COMPETENCIES ESOL (ESOL)

- 3 Identify, expose, and reexamine cultural stereotypes relating to LEP and non-LEP students.
- 5 Determine and use appropriate instructional methods and strategies for individuals and groups, using knowledge of first and second hand language acquisition process.
- 8 Select and develop appropriate ESOL content according to student levels of proficiency in listening, speaking, reading, and writing, taking into account: (1) basic interpersonal communicative skills (BICS), and (2) cognitive academic language proficiency skills (CALPS) as they apply to the ESOL curriculum.
- 12 Apply content-based ESOL approaches to instruction.
- 14 Plan and evaluate instructional outcomes, recognizing the effects of race, gender, ethnicity, socioeconomic status, and religion on the results.
- 16 Design and implement effective unit plans and daily lesson plans which meet the needs of ESOL students within the context of the regular classroom.
- 17 Evaluate, adapt and employ appropriate instructional materials, media, and technology for ESOL in the content areas at elementary, middle and high school levels.
- 18 Create a positive classroom environment to accommodate the various learning styles and cultural backgrounds of the students.
- 19 Consider current trends and issues related to the testing of linguistic and culturally diverse students when using testing instruments and techniques.
- 20 Administer tests and interpret test results, applying basic measurement concepts.
- 21 Use formal and alternative methods of assessment/evaluation of LEP students, including measurement of language, literacy and academic content metacognition.

Formal Observation / Final Evaluation Summary

Course Name: *Practicum in Methods of Teaching Individuals Served in Exceptional Student Education Programs*

Florida Educator Accomplished Practice: 2, 5, 12 **Indicator: 2.1, 5.1, 12.2**

Description: Formal Observation: Each student will be observed formally by both the university supervisor and the cooperating teacher throughout the semester. The observations include both verbal and written feedback (Narrative observation form) regarding the student's progress in planning and teaching a lesson, as well as the student's ability to communicate academic and behavioral expectations in a positive and supportive manner appropriate to the functioning level of students with special needs. The observer will synthesize the information on the Narrative Observation Feedback Summary Form.

RESPONSIBILITIES of the COOPERATING TEACHER (CT)

The CT is the on-site instructor and mentor for the practicum student. The CT is responsible for structuring the practicum experience to allow maximum opportunity for the practicum student to grow and learn the skills needed to become a beginning teacher. Initially, the CT acts as a model for the practicum student by demonstrating effective teaching practices. The CT familiarizes the practicum student with their classroom procedures, schedules, and routines. The CT provides the practicum student with the information and models that the practicum student needs to plan and carry out instruction capably. The CT should also allow the practicum student to practice various teaching methods and strategies he/she is learning in university coursework.

Throughout the practicum experience, the CT provides detailed feedback and evaluative information to the practicum student. The CT alone can evaluate the student's competence in relation to the ESE students in that specific placement. Therefore, it cannot be stressed enough that a great deal of constructive feedback is critical to the professional development of the student. Frequent observation/evaluation followed by a formal conference with verbal AND written feedback is a necessary part of the learning process and should occur on a regular basis in order to keep the practicum student apprised of his/her progress. The formal evaluations should be of adequate length to allow the student to demonstrate several teaching skills (e.g., gaining attention of students, review, presentation of new material, guided practice, independent practice, evaluation, etc.). Follow-up conferences should occur as soon as practical after the observation.

Primary CT Responsibilities Include:

- Act as a role model/mentor for the practicum student
- Review and provide feedback on all lesson plans developed by the practicum student before they are taught, CT should initial and date the lesson plan.
- Provide an abundance of constructive feedback in a timely manner.
- Perform at least four (4) formal observations of the practicum student
- Meet with the University Supervisor to complete Mid-term and Final evaluations

RESPONSIBILITIES of the UNIVERSITY SUPERVISOR (US)

The US provides the bridge from university instruction to practical experience. The US has knowledge of the college instruction the practicum student has received and is able to make links between the university work and the teaching requirements. They too are responsible for ongoing and detailed feedback to the student regarding their progress. The formal evaluations should be of adequate length to allow the student to demonstrate several teaching skills (e.g., gaining attention of students, review, presentation of new material, guided practice, independent practice, evaluation, etc.). Follow-up conferences should occur immediately following the observation. The US is also supportive of the cooperating teacher and often listens to his/her concerns about the student's progress. In this role, the US is able to facilitate three-way discussions about issues related to the practicum placement.

Primary US Responsibilities Include:

- Make an initial contact (either in person or by phone) with the CT at the beginning of the semester, prior to the first US observation
- Help the student link university coursework to the classroom
- Provide an abundance of detailed feedback
- Perform at least three (3) formal observations including the Mid-term and Final Evaluations with the cooperating teacher
- Support both the CT and practicum student and listen to their concerns
- Mid-term requirements: 2 CT observations, 2 US observations, midterm evaluation and PAR to Field Placement Coordinator (p 42)
- Final requirements: 2 CT observations, 1 US observation, final evaluation, PAR and Rubrics (s) for Critical Assignments (p. 13, 14, and 42)

PROCEDURES TO FOLLOW IF PROBLEMS ARISE

If the cooperating teacher (CT) and/or university supervisor (US) conclude that a practicum student is experiencing difficulty in any aspect of the field experience process, the following steps should be taken until the problem is resolved:

1. Immediately discuss the problem with the student and follow-up on the student's performance to observe a positive change in behavior.

2. If the problem persists, the US will set up a three-way conference with the CT and the practicum student, to attempt to solve the problem. Document the problem on the *Narrative Observation Form* in writing and include the following:
 - a. Describe the problem
 - b. Identify recommended strategies/activities for resolving the problem
 - c. Identify timeline and evaluation criteria
 - d. Document student's response
3. The CT and US will jointly monitor the student's progress to determine whether the problem is resolved.
4. If the problem is not resolved, the US may ask the Field Experience Coordinator (FEC) or another faculty member to observe the student and provide written feedback.
5. The US, CT, and relevant instructor(s) will discuss options regarding the student's continuation in practicum experience. Based on this discussion, the US will make a recommendation to the coordinator of field experience, and will provide appropriate documentation of the problem.
6. The FEC, together with the US, relevant instructor(s) and department chair, will make the final decision as to whether the student will be permitted to repeat, extend, or be removed from the practicum experience and the conditions under which this will occur. If the student is permitted to repeat or extend the practicum experience, a Professional Development Plan (PDP) will be completed that specifies objectives, timelines, anticipated outcomes, and consequences meeting or failing to meet the PDP.

In the event that the Principal or a representative from the school decides to remove the practicum student from their school, the FEC, the US, relevant instructor(s) and department chair, will make the final decision as to the next step for the practicum student.

Directions for Completing the Site Information Form:

1. Meet with your cooperating teacher the first day/week of placement. Complete the form indicating the days and times you will be at the school using the schedule above. ***Undergraduate ESE Student Teachers and Graduate ESE Interns*** are expected to be at the school full-time, 5 days per week. ***Undergraduate ESE Practicum*** requires students to be at the school a minimum of 3 days per week, for minimum of 9 instructional hours per week. ***Graduate ESE Practicum*** requires a minimum 30 hours in a field placement.
2. Mark days/times when cooperating teacher has planning period. This will be helpful for the University Supervisor for meetings with the cooperating teacher.
3. **Make four (4) copies of this form.** Return one to your EEX 4066 professor, one to the university supervisor and place one in your Notebook and one to the Field Experience Coordinator. OR you may email one copy to your university supervisor, a copy to your EEX 4066 Professor and a copy to Dr. Heiser lheiser1@fau.edu.
4. Please provide clear directions to the school on the back of this form.

Submit to Classroom Management Instructor & a copy in your notebook

Assignment: Observing the Teaching and Learning Process

Developing skills for conceptualizing what teachers do and why they do them comes only with practice. Your early observation experiences have allowed you to look around classrooms, watch students and watch how teachers teach. As you prepare to teach lessons in your practicum setting, you will need to get an understanding of the classroom where you are teaching. By completing the following activities during the first few days of your practicum, you will have gained insight into how your cooperating teacher has organized the class, how s/he makes instructional decisions, and how s/he uses curriculum.

Log your observations and responses to the topics below. The specific topics serve as guides. Add any other descriptive information you consider valuable to the observations.

- 1) Describe the physical aspects of the classroom
 - (A) Draw a sketch of the room
 - (B) Develop a seating plan and label with student names
- 2) How does the teacher use the room and materials in it?
 - A) How is the chalkboard used (e.g., instructional, memos, management, etc)?
 - B) How does the teacher use space in the room (e.g., small group areas, stations, etc)?
 - C) How does the teacher use visual aids (e.g., technology, cue cards, bulletin boards, etc)?
- 3) What materials does the teacher use for instruction?
- 4) Describe the classroom management and discipline plan.
- 5) Describe the cooperating teacher's approach and manner with students.
 - A) Personal Characteristics
 - B) Verbal Communication Skills
 - C) Non-verbal Communication Skills
- 6) What specific skills do you want to emulate?
- 7) Describe how the cooperating teacher presents a lesson.
 - A) Introduction or Focus
 - B) Method of Instruction or Presentation
 - C) Reinforcement Activities
 - D) Independent Activities
 - E) Summary or Closure Activities
- 8) What responsibilities beyond teaching does your cooperating teacher have?
- 9) Of all the things you have observed, which skills do you think will be easy for you to master?
- 10) Which will be more challenging?

**Explanation of the
NARRATIVE OBSERVATION FEEDBACK/COACHING SUMMARY
AND
MID-TERM AND FINAL EVALUATION FORM**

The *Narrative Observation Feedback Summary and Mid-term and Final Evaluation Form* consists of descriptors grouped into eight (8) areas. These eight areas are defined below. Each area measures a specific teaching proficiency. The areas correspond to the FPMS, a statewide evaluation instrument used yearly to document teacher effectiveness.

IMPORTANT INFORMATION: This form is used throughout the semester each time the student is observed by the University Supervisor (US) or Cooperating Teacher (CT). It is also used for the Mid-term and Final evaluation of the student. The US and CT should have their own individual copy of the form to use during each formal observation of the student. The US and CT should complete this form together during the mid-term and final evaluations of the student. Expectations of the student's performance should rise for each subsequent observation. The student is expected to demonstrate continual progress throughout the semester. The student should not expect to receive all check +'s or 5's on overall rating during the first few observations.

Eight Evaluation Areas:

- 1) General Teaching Skills includes a variety of skills that can be used across different settings.
- 2) Activities Prior to Instruction refers to all the activities the teacher does before the presentation component of the lesson begins.
- 3) Presentation Component refers to the direct delivery/presentation/ description of a body of knowledge that must be mastered.
- 4) Questioning/ Feedback refers to the appropriate use of questioning and feedback techniques with students.
- 5) Guided Practice is an engagement of the student when the information has been initially acquired, but the goal of the practice has shifted to proficiency, maintenance, or generalization.
- 6) Independent Practice is the engagement of the student in the independent use of skills acquired during the teaching process and refined during the guided practice.
- 7) Evaluation of Student Progress includes formal and/or informal assessment procedures, and daily/weekly data collection for the purpose of instructional planning and evaluation of student progress.
- 8) Management of Student Behavior refers to teacher monitoring and managing students' behaviors.

The Mid-Term Evaluation Plan for Remediation must be used if scores of 1 or 2 are attained on a given item from the Narrative Observation Feedback Summary form during the Mid-term Evaluation and/or a score of less than 2 on the Professional Attribute Rubric (PAR). The evaluation plan will aid the student in improving instruction or management and will provide a documentation of the plans for remediation. As with Narrative Observation Feedback forms, one copy of Midterm-Term Evaluation Plan for Remediation should be given to the cooperating teacher, university supervisor, the student, and the Field Experience Coordinator.

Narrative Observation Feedback Summary Instructions (Observations 1-5 below): Please provide the student with feedback after each observation using both the Narrative Observation Feedback Form and this form. Use the following scale to rate the student on each indicator. *For the OVERALL RATING of each group of indicators please use the numerical rating of 5, 4,3,2,1 (see below).*

✓+ = Satisfactory	Consistent performance of the indicator
✓ = Developing	Developing acceptable performance of the indicator
✓- = Unsatisfactory	Indicator is not demonstrated at an acceptable level
NO = No opportunity	No opportunity to observe indicator
N/A = Not applicable	

Mid-term and Final Evaluation: Please rate the student's performance in each area during Mid-term and Final. The rating should be an overall average of the student's performance on a day to day basis and not just their performance during scheduled formal observations. If the student receives a 1 or 2 on any indicator during mid-term evaluation the Mid-Term Evaluation Comment Form must be completed. Please rate the student's performance by using the following rating scale:

5 - Far Exceeds Expectation	Performance demonstrates exemplary ability to perform at an outstanding level that is equivalent to a first-year teacher.
4 - Exceeds Expectation	Performance demonstrates above average ability to create, implement and perform duties.
3 - Meets Expectation	Demonstrates clear conceptual understanding of components with consistent and effective implementation.
2 - Below Expectation	Performance demonstrates understanding of concepts. Implementation attempts are intermittent and not entirely successful. Demonstrates little or no evidence of the indicator.
1 - Unsatisfactory	Demonstrates little or no evidence of the indicator
NO – No Opportunity	No opportunity to observe indicators
N/A – Not Applicable	Indicator is not applicable at this time (all indicators should be rated by final observation)

To meet the expectations of this critical assignment, the majority of scores on the Final Evaluation are to be 3s, 4s, or 5s or evidence of continuous improvement on all observations with no 1s or 2s.

DIRECTION: CT AND US MUST USE THE FOLLOWING SCALE FOR OBSERVATIONS 1-5: a ✓plus (✓+), a check (✓), or ✓minus (✓-). The Midterm and Final ratings are 5, 4, 3, 2, and 1 rating scale

Dear Principal and/or Special Education Coordinator:

_____ is enrolled in EEX 4843 at Florida Atlantic University and is required to complete a minimum of nine (9) hours of direct instruction time each week as a practicum student at your school. As part of the coursework requirements, this student must demonstrate the use of formal and informal assessment to collect information for writing Individual Educational Program Plans (IEPs). In order to develop an awareness of how IEPs are written and how lesson plans are developed from specific goals and objectives on an IEP, it is beneficial for students to have the opportunity to review IEPs already written and in use in the classrooms where they are placed. Be assured that NO information that would identify individual students will be included in any materials copied or submitted to the university faculty. Any information the practicum student collects will only be used for the delivery of instructional programming and no confidentiality requirements will be violated.

As a way demonstrating our appreciation, for every three practicum students that you host, the cooperating/mentor teacher is eligible to receive a tuition certificate for 6 credits of tuition at any state institution. The certificate, valid for 3 years from date of issue, is redeemable only one-time and is non-transferable. See page 46 for detailed information.

I appreciate your cooperation in helping our students gain a better understanding of special education practices to fulfill these very important requirements. If you have any questions or concerns, please feel free to contact me at the number listed below.

Sincerely,

University Supervisor

Dear Principal:

_____ is a student in the Department of Exceptional Student Education at Florida Atlantic University. Arrangements for a practicum for the remainder of the semester at your school have been made following county procedures, for this student to fulfill the three (3) credit hours required as the application portion of a nine (9) credit hour block of coursework in our undergraduate methods sequence.

The practicum experience is one part of an intensive course that must be taken prior to the student teaching experience. For this course, students are required to spend a minimum of nine (9) hours per week engaged in direct instruction of students in field-based training in addition to participating in seven (7) hours of university based training.

Each cooperating teacher has received information to assist him/her in the supervision and evaluation of practicum students. University supervisors are also available to answer any questions. The university supervisor assigned to this student will observe and evaluate the practicum student three times during the semester.

The faculty in the Department of Exceptional Student Education at Florida Atlantic University appreciates the support and assistance you are providing our practicum students and the university. We eagerly seek your comments and suggestions for improving this relationship.

Sincerely,

University Supervisor
