Form for Evaluating Student Performance in Senior Design

EVALUATION OF STUDENT PERFORMANCE **IN EOC 4804L OCEAN ENGINEERING DESIGN**

Instructor: Semester:
Team Members:
Project Title:

Evaluator's Name:

Student's Name:

Evaluate student's performance using the following scale:	Poor	Satisfactory	Excellent
	1 -------------- 5 ---------------- 10		

Note: If not able to evaluate a particular item, leave the corresponding score-row blank.

Item	Score	ABET Outcome
1. Knowledge of basic science, mathematics and engineering subjects		**a**
2. Knowledge of experimental methods and field study		**b**
3. Computer programming skills and knowledge of engineering software		**k**
4. Ability to plan and execute an engineering design		**c**
5. Understanding of economic, societal and political impacts		**c, h, j**
6. Ability to function as a team		**d**
7. Ability to communicate effectively		**g**
8. Preparation for Practice in ocean engineering		**k**
